

Bonjour les amies d'Auto France

Auto France's owner and car repair specialist David Jones knows his stuff when it comes to French cars.

He has more than 30 years of experience in the auto trade, giving him a wealth of knowledge when it comes to all kinds of repairs and restorations.

The business has been in David's family since the 1970s.

"We specialise in the service, repair and restoration of French models but we will work on anything," David said.

Auto France also takes care of Warrant of Fitness checks and has a waiting room on-site, or you can borrow a loan car.

"We have a loan car but the train station is handy and we can drop people at the nearby Westfield Mall while they wait, if they'd prefer," David said.

Auto France has the latest in diagnostic computers and David said the team, including his wife Lynda and mechanic Raj, were happy to work on unusual cars.

"Bring your Peugeot here, whether old or modern. We also specialise in Citroens and we are all car enthusiasts ourselves," David said.

"I have a real passion for Peugeots," said Raj, who has been working at Auto France for nearly five years.

The team imports parts, as well as making their own on-site. They

THE TEAM: Auto France's Raj, Lynda and David know their stuff when it comes to cars, especially Citroens and Peugeots.

will rebuild your vehicle, whether it's from the 1920s or a recent model.

So pop down and see the friendly team at 59D Ash Rd,

Wiri, to discuss any of your car questions or phone 09 278 4301 to make an appointment.

Auto France is open from 8am till 5pm, Monday to Friday.

SPECIALISTS:

Peugeots old and new are taken care of at Auto France.
